RE: RoHS Statement

To our Valued Customers:

Please note that as per European Commission Directorate-General Environment letter dated October 26, 2005, the European RoHS Directive 2002-95-ED on the restriction of the use of certain Hazardous Substances in Electrical and Electronic Equipment does not apply to electrochemical cells or batteries made thereof.

However, Electrochem is fully committed to meeting the needs of our customers who may be required in some cases to comply with these restrictions.

As such, this letter certifies that the PC Series of Electrochem lithium cells is in compliance with the RoHS Directive. Please see below for the new RoHS part numbers which should be ordered to obtain a RoHS compliant version of a PC Series cell:

<u>Old Part Number</u>	<u>New RoHS Compliant Part Number</u>
3B0045	3B6045
3B0050	3B6050
3B0880	3B6880
3B0890	3B6890

If you have questions regarding the compliance of any other product, please contact us at 716.759.5800 or email cos@electrochemsolutions.com
